

Club Name	Club Description	Teacher Sponsor	Day	Time	Room
Animal Awareness and Fundraising Club	To bring awareness to animal’s rights and species facing extinction due to human habits, as well as fundraise for the BC SPCA. Our goal is to raise over \$1000 to send to the BC SPCA to help endangered animals and bring awareness to the cruelty that animals are facing.	M. Manor	Wednesday	Lunch	A105
Applied Calculus in Physics (ACP)	Our club will lesson about Calculus and Physics in university level for student, allowing them to experience university level math and physics which encourage them to adapt into the post secondary life better. As our club is continued from last year, based on our curriculum, we divided each lesson specifically, so students can understand easily and successfully during our lesson.	Ms. Grandy	Friday	Lunch	A101
Architecture-World of Structure	Our goal is to introduce architecture to students, including basic knowledge about architecture, its importance in our daily life, and how buildings and structures are designed. Throughout the year, we will explore how architecture connects with other subjects we study at school, including geography, history, drafting, engineering, and structural design. Each meeting will focus on a specific structure, such as skyscrapers, bridges, dams, towers, or traditional buildings, and examine how architects and engineers design them to solve challenges related to earthquakes, climate, materials, and other factors. After learning about the structure with its connections with various subjects, members will discuss and create their own solutions to similar challenges through sketching and model-building activities. By comparing their ideas with real-world solutions, members can develop a deeper understanding of architecture and structural design.	Mr. Flores	Tuesday	Lunch	A206
Art Club	Art Club is a fun and welcoming space for students to explore their creativity through a variety of hands-on art activities and workshops. No prior art experience is required. Throughout the year, we will host creative workshops using a variety of art mediums. Workshops will include events such as follow-along painting and drawing, seasonal decorations, and poster-making. Members may also have opportunities to create artwork for school events and community-based activities. Whether you love drawing, painting or just want to try something new, Art Club is a great place to be creative, meet new friends, and contribute to our community.	Ms. Josie	Wednesday	Lunch	B100
Badminton Club	Our club is for anyone at lunch who just wants to enjoy some badminton. Everyone is welcome, whether it's your first time touching a racket, or have experience playing tournaments. I would also like to run a tournament (not just for the school but for the local community) to raise money for a charity, but none of that is confirmed.	Mr. Ireland	Friday	Lunch	Gym 2
Board Games Club	The club serves as a dedicated physical space for members to foster connections, share hobbies, and build community. It facilities group campaigns and competitive tactical tabletop games. Ultimately showing creativity, critical thinking, and social connection away from a digital screen and to make people connect in person.	Mr. Lu	Wednesday	After School	A220
Body Building Club	The bodybuilding club is all about helping people reach their fitness goals through weight lifting and dieting. We achieve this by incorporating weekly check ins on all of our members progress regarding their specific diet and training programs that we make for them after we gauge their experience with the gym within the first week. We will also set specific monthly quotas for each member in terms of their lifting strength and body shape, so, they don’t start going off track. As a result, our members will develop healthy habits, have an improved self-esteem, and achieve their dream physique without the possibility of injury, which is our end goal, because what we are creating is not just a club, it is a lifestyle.	Ms. Lovelock	Friday	Lunch	Drama room

Club Name	Club Description	Teacher Sponsor	Day	Time	Room
Cancer Initiative Club	Our purpose is to raise money for cancer foundations and to spread awareness on the disease. We believe it is important to bring wider awareness as it is the leading cause of death in Canada (accounts for over a quarter) and many individuals and families are affected by this disease. We aim to bring together our school community to make a positive impact through fundraising campaigns, discussions, and activities to promote understanding, compassion, and hope. We believe that through this club, we can normalize cancer being talked about and supported year-round.	Ms. Ugonotti & Ms. Olujic	Wednesdays	Lunch	A201
CARE Club	CARE (Community Action to Reach & Empower) Club is a student-led school organization that supports local hospitals and senior homes. Our primary goal is to foster empathy and community responsibility through consistent volunteering and fundraising. We raised over \$300 from fundraisers alone last year. Members will have opportunities to visit nearby healthcare facilities or senior residences to provide companionship and hands-on support for patients and elderly residents. Moreover, we will also host school-wide fundraising events to raise money for people in need. Through these actions, CARE Club aims to make a tangible, positive impact on our local community while developing student leadership and teamwork.	Ms. Kim & Mr. Koyanagi	Thursday	Lunch	A212
Chinese Culture Club	Chinese Culture Club aims to introduce students of all backgrounds to explore Chinese culture and traditions in an engaging and accessible way. We hope to engage students in various types of activities such as traditional Chinese games, festivals, crafts, and other interactive events. Members will have the opportunity to learn about Chinese history, literature, and everyday culture through hands-on experiences. We also plan to collaborate with a Chinese Society to enhance the Chinese cultural community and allow students to explore our traditions and language beyond the classroom. Most importantly, our key goal is to connect Chinese culture with Canadian culture, hoping to encourage cultural exchange, mutual understanding and a stronger sense of inclusion within our school.	Ms. Ma	Wednesday	Lunch	A201
Christian Club	Our club is a place where people can meet to discuss, ask questions, and learn more about Christianity. We want to foster a safe and inclusive environment that’s open to anyone regardless of their religion. We hope to also provide opportunities to serve the community and make an impact.	Mr. Seah	Monday	Lunch	Choir Room
Dance club	Our dance club helps members learn new dance skills and perform together. During our meetings, we will teach members dances and listen to their ideas about songs and dance styles. We will try to include their suggestions in our performances and make sure everyone in the club has a chance to dance. In the second semester, we plan to hold a performance in the cafeteria during lunch, around June 11. The performance will include different styles of dance.	Mrs. Lovelock	Thursday	Lunch	Drama room
Debate Club	Our club focuses on development of skills including: Public Speaking, Critical Thinking, Forming Structured speech/argument etc. Our goal is to encourage those who don’t often participate in public speaking to build their confidence for it. Our club will teach others how to do persuasive public speaking and formally structured arguments. During our meetings we will also be trying out debate styles to get everyone comfortable for speaking.	Mr. McMahon	Monday	After School	A102
DESC, which stands for Drone and embedded systems club	The purpose of this club is to introduce students to the fundamentals of hobby electronics, microcontrollers, and radio-controlled (RC) systems. Members will learn how electronic components work, explore platforms such as Arduino and Raspberry Pi, and gain hands-on experience building and programming simple projects. The club will also cover the basics of RC systems, including transmitters, receivers, motors, and electronic speed controllers (ESCs). Through practical projects and demonstrations, students will develop foundational skills in electronics, programming, troubleshooting, and hands-on engineering.	Mr. Flores	Thursday	Lunch	A206

Club Name	Club Description	Teacher Sponsor	Day	Time	Room
Eco-Roots	We partnered with the City of Coquitlam - Park Spark to clean up gardens, the environment and reversing the impacts of human interaction with nature to make our parks a better space for everyone to enjoy. We offer many volunteering opportunities for those who seek not only to better the environment but help our community and to meet more people. Our goal is to help the environment and local gardens while helping students gain valuable experiences.	Mr. Lee	Wednesday	Lunch	A221
Gaming Club	The goal is to get students to play video games, meet other people through said games and generally have a good time. We want to set up some games for students to play together but they’re also free to bring their own devices and play their own games. We also have plans for tournaments if possible, where we can engage students in competition.	Mr. Lu	Wednesday & Friday	Lunch	A222 or A220 (if possible)
Girls Soccer Club	Our goal is to get enough girls to join and play soccer together with no obligation and to have fun. Since we do not have a girl's school soccer team we want to still have a chance for girls to play soccer as a team. If we have enough interest later it could be a possibility to have a school team, but for now this is all about having fun and playing soccer together.	Ms. Mobilio	Wednesday	Lunch	Gym
Investment Club	We started the investment club 2 years ago to give everyone a place to learn how money and markets actually work. Whether you’re just starting out or already investing, we break down everything from reading price charts and valuing stocks to managing your personal savings. We also dive into more complex topics like options and different types of assets when members want to go deeper. To keep things practical, we run a year long investment competition where members can test their ideas and strategy, and win prizes at the end of the year!	Mr. Sze	Friday	Lunch	A208
Key Club	Key club is a district wide club that involves community events and a way for students to have the chance to participate and serve our school/community.	Ms. Close	Tuesday	Lunch	A113
Math Mentor Club	Math Mentor Club brings together peer tutoring, group study, and competition prep into one space. Our leaders train students to break down tricky math concepts and mentor their peers, sharpening everyone's skills along the way. Meetings give members time to get help on their own classwork, learn better ways to teach, and solve math contest problems together. By the end of the year, we aim to log a few hours of community tutoring, run an active weekly study lab, and send a team to national math competitions.	Ms. Tseng	Friday	Lunch	A205
Model UN Club	Model United Nations (MUN) is a club for students who want to step into the shoes of diplomats and explore global issues. Last year, Pinetree students represented countries at MUN conferences and earned various awards for their diplomacy, debate, and leadership. Whether you're completely new to MUN or already a "seasoned delegate", MUN welcomes anyone who is curious about global issues and wishes to grow alongside others. Our executives will guide students through procedures, conference preparation, mock debates, and other activities designed to strengthen your confidence and critical thinking. Ready to make your voice heard? We'll see you at MUN!	Ms. Joo, Ms. Oh, & Ms. Robins	Wednesday	Lunch	A113
Pinetree First Responders Club (PTFR)	Our goal for this club is to recruit members of our school who are certified with first aid to become Responders and help with first aid emergencies/situations that occur at our school. We also aim to hold meetings where we teach/practice basic first aid skills to members whether they are first aid certified or not.	Dr. Utting	Tuesday	Lunch	B207

Club Name	Club Description	Teacher Sponsor	Day	Time	Room
Pinetree Food-Rescue Club	Food and Rescue purpose is to collect food and money donations at the school and have two major food drives by delivering the donations to local food banks in the community. The club’s goal is to be able to collect as many donations to successfully help the community who seek food from food banks. We plan to work with the Foodlink Society.	Mr. MacDonald	Wednesday	Lunch	A107
Pinetree Muslim Club	Pinetree Muslim Club is a welcoming space for students and anyone who is interested to connect, build friendships, and learn more about Islam and Muslim cultures. The club aims to promote community, understanding, and respect among students. SA meetings will be a time to connect with fellow Muslim students, participate in fun and meaningful activities, learn together, and build a supportive community.	Ms. Santos	Tuesday	Lunch	A210
Pokémon Club	The Pokémon club will be a club about everything really, going from the actual games, to card trading or even completeive gaming I wish to make an environment for those who truly enjoy this topic or wants to get into it but doesn't have a chance to, and to create a safe space to do just that. The goal of this club is to give an opportunity for everyone to hang out, and to share the love for Pokémon together! Whether someone has been a Pokémon fan for years or is just getting into it.	Mr. McKenna	Thursday	Lunch	B108
QSA club	QSA provides a safe space for LGBTQIA+ individuals and allies to come together to socialize, learn, and grow. Activities for this club may include: fundraisers, games, learning about the history of LGBTQIA+, general hang outs.	Mr. Lee	Thursday	Lunch	A217
READ Club	Purpose/Goals: -Book donations -Fundraising (potentially; TBD) -Book discussions -Writing sessions -English Homework Help Session	Ms. Roberts & Mr. McMahon	Thursday	Lunch	A102
Sending Sunshine	Sending sunshine is a charity that collects handmade cards and sends them to nursing, and retirement homes all across Canada. We hope to “send” sunshine to seniors, spread happiness, and bring smiles to their faces through positive messages. We aim to reduce the loneliness effect upon the seniors, and to connect with local senior communities/ retirement homes to improve their wellbeing. We hope this will bring them more joy and love in their daily lives!	Ms. Shotton	Tuesday	Lunch	B101
Speech Club	Speech Club is a student-led club designed to help students develop confidence, communication skills, and the ability to express ideas clearly and effectively. Through speeches, presentations, discussions, and interactive activities, members will have opportunities to practice speaking in a supportive and low-pressure environment. Our goals are to: 1. Improve public speaking skills by helping members organize ideas, use effective delivery, and speak confidently in front of others. 2. Build communication and critical-thinking skills through discussions, impromptu speaking, and constructive feedback. 3. Increase confidence by providing regular opportunities for students to speak and participate, regardless of their previous experience. 4. Create an inclusive community where students can learn from one another and feel comfortable expressing their ideas. 5. Provide opportunities for growth and leadership through speech-related activities, presentations, and potential school-wide speaking events. The club aims to make public speaking a practical skill that students can develop through consistent practice and collaboration.	Mr. Melnik	Thursday	Lunch	A114

Club Name	Club Description	Teacher Sponsor	Day	Time	Room
STEAM Club	STEAM club is approaching its third active year at Pinetree, as we aim to encourage students to explore their interests in science and engineering through various activities. Our club supports students in preparing for and participating in science fairs and the KPU science challenge. Additionally, as discussed with Ms. Aoyama, we will help organize and support school-wide STEAM challenges for students to participate in.	Ms. Chan	Tuesday	Lunch	B203
Student Consulting Group	Student Consulting Group (SCG) is a student-led club that gives members hands-on experience solving real business problems. Working in small teams, students learn the fundamentals of consulting — research, analysis, strategy, and presentation — and apply them first to practice case studies, then to real local businesses. Our goal is to bridge the gap between classroom learning and real-world business experience. Members will research target customers, analyze competitors, and develop actionable recommendations for real businesses. Communication with business contacts (interviews, questions, updates) will happen through phone calls and emails. Once or twice a month, our sponsor teacher will accompany students on an in-person visit to the business, so members can practice real-world presentations and public speaking directly with the client. Goals for this year are, recruit and onboard a founding group of members and establish project teams. Complete at least one practice case study to build core skills. Partner with at least one local business for a real consulting project, communicating via phone/email with in-person visits led by our sponsor teacher. Build resume-ready skills in communication, research, and leadership. Host an end-of-year showcase.	Ms. Olujic	Tuesday	Lunch	A217
The Football Society	The Soccer Club is dedicated to bringing together students who share a passion for soccer to explore, discuss, and celebrate the world’s most popular sport. Our goal is to connect fans and players of all levels through game watch parties, friendly debates about players and teams, and fun strategy discussions/games. Whether you watch every international match, play on a local team, or just enjoy talking about sports, this club is a place to share your ideas, learn more about the game, and make new friends!	Mr. Turton	Wednesday	Lunch	Portable A
UNICEF - United Nations International Children’s emergency fund	To empower students to act as global citizens by educating our communities, advocating for children's rights, and raising funds to support vulnerable children around the world.	Profe Groll	Tuesday	Lunch	A209

Club Name	Club Description	Teacher Sponsor	Day	Time	Room
WYNS (Wish Youth Network Society)	Wish Youth Network Society (WYNS) is a non-profit organization in British Columbia, Canada under the Societies Act. WYNS focuses on helping children and youth facing serious medical conditions by supporting local hospices. The WYNS Club at Pinetree Secondary brings WYNS to our school through student-led efforts such as fundraising, volunteering, and awareness activities.				
	Our club’s goals are to: - Raise funds through school and public fundraisers and events to support WYNS and local hospices. - Increase awareness of hospice care and challenges faced by children and youth with serious medical conditions. - Encourage students to participate in volunteering, fundraising, and community service. - Provide students with opportunities to learn, grow, and gain skills through leadership, teamwork, communication, and organization, fundraising and event planning. - Organize activities that bring students together while supporting WYNS initiatives. - Build a consistent and sustainable partnership between Pinetree Secondary and the Wish Youth Network Society. Through these activities, the club will give students meaningful opportunities to support their community, develop valuable skills, and contribute to WYNS’s mission.	Ms. Bosa	Monday & Tuesday	Lunch	A110
