**Auditors' Report**

**To the Board of School Trustees of School District No. 43 (Coquitlam)**

We have audited the statement of financial position of **School District No. 43 (Coquitlam)** as at June 30, 2005 and the statements of revenue and expense, changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the School District as at June 30, 2005 and the results of its operations, changes in fund balances and cashflows for the year then ended in accordance Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of the School District taken as a whole. The current year's supplementary information included in Schedules A1 through C4 is presented for purposes of additional analysis. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**NOTE 1 AUTHORITY AND PURPOSE**

The School District operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of School Trustees of School District No. 43 (Coquitlam)", and operates as "School District No. 43 (Coquitlam)." A board of school trustees (Board) elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES**

These financial statements were prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP) for not-for-profit organizations. These principles are consistent with those used in prior years except as disclosed as a change in accounting policy.

The deferral method of accounting for contributions, which includes government grants, is used. Results are reported in the operating fund, special purpose funds and capital fund. Revenues and expenses are recorded on a gross and accrual basis.

Statement 2 (Statement of Revenue and Expense), Statement 3 (Statement of Changes in Fund Balances) and Statement 4 (Statement of Cash Flows) present annual results of each fund, changes in fund balances and cash flows for the year. Statement 1 (Statement of Financial Position) presents the assets, liabilities and fund balances. Interfund transfers and loans are recognized in each fund and eliminated in the consolidated totals.

**a) Fund Accounting**

Fund accounting procedures recognize external restrictions on the use of contributions by governments or other granting agencies, and appropriations or other internal restrictions by the Board. While separate accounts are maintained for each fund, for financial reporting purposes, funds with similar characteristics are grouped together:

- Operating fund reports assets, liabilities, revenues and expenses for general operations.
- Special purpose funds report assets, liabilities, revenues and expenses for:
  - Contributions restricted in use by the *School Act* or Ministry of Education.
  - Contributions restricted in use by other external bodies.
  - Endowment funds.
  - Funds collected and used at the school level (i.e. school-generated funds).
  - Controlled and/or related entities.
- Capital fund reports assets, liabilities, revenues and expenses for capital. Contributions of other funds used for capital purposes are transferred to the capital fund.

**b) Inventories**

Inventories of supplies and materials relate to Schools' Cafeteria inventories and are stated at acquisition cost using the first-in-first-out method.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES**  
(Cont'd)

c) Capital Assets

The following criteria apply:

- Capital assets acquired or constructed are recorded at cost. Donated capital assets are recorded at their fair market value on the date of donation.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Sites and buildings that no longer contribute to the ability of the district to provide services are written-down to residual value.
- Buildings that are demolished or destroyed are written-off.
- Amortization is recorded on a straight-line basis over the estimated useful life of the asset and commences the year following acquisition. Estimated useful life is as follows:
 

|                       |          |
|-----------------------|----------|
| Buildings             | 40 years |
| Furniture & Equipment | 10 years |
| Vehicles              | 10 years |
| Computer Software     | 5 years  |
| Computer Hardware     | 5 years  |

d) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of property to the Board are considered capital leases. These are accounted for as an asset and an obligation.

e) Revenue Recognition

Unrestricted operating government grants, are recognized as revenue when received. Such grants, if contributed for a future period, are deferred and reported as deferred contributions until that future period. Other unrestricted revenue, including tuition fees and sales of services/products are reported as revenue when services are provided or products delivered.

Externally restricted contributions, grants, and donations are reported as revenue depending on the nature of restrictions imposed on the use of the funds by the contributors:

- Non-capital contributions for specific purposes are recorded as deferred contributions and recognized as revenue in the year related expenses are incurred.
- Contributions restricted for capital purposes are recorded as deferred contributions until the amount is invested in capital assets.
  - If the capital asset is a site, the amount invested is recorded as a direct increase to net assets invested in capital assets.
  - If the capital asset is not a site, the amount invested is recorded as a deferred capital contribution and amortized over the useful life of the asset. Amortization commences in the year following acquisition.
  - Donated capital assets are recorded at fair market value and treated as a deferred capital contribution.

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES**  
**(Cont'd)****f) Expenditures**

- Categories of Salaries
  - Principals, Vice Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice Principals.
  - Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.
- Allocation of Costs
  - Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to regular programs.
  - Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
  - Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
  - Supplies and services are allocated based on actual identification of program.

**g) Financial Instruments**

Financial instruments consist of cash, short term investments, accounts receivable, accounts payable, accrued liabilities, capital lease obligations and other current and long term liabilities. Unless otherwise noted, it is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

**h) Use of Estimates**

Preparation of financial statements requires management to make estimates and assumptions that impact reported amounts for assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

**i) Employee Future Benefits**

The School District provides certain post-employment benefits including accumulated sick and vacation pay, and retirement allowances for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs under employee future benefit plans. The future benefits cost is actuarially determined using the projected unit credit method pro-rata on service and using management's best estimate of expected salary escalation, termination and retirement rates and mortality. The discount rate used to measure obligations is based on market rates at the measurement date.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES (Cont'd)

The excess of cumulative unrecognized actuarial gains (losses) over 10 percent of the accrued benefit obligation is amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan. The EARSL for employees of the School District is 13.7 years.

For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31st has been adopted for all periods subsequent to July 1, 2004.

## NOTE 9 EMPLOYEE PENSION PLANS

### Retirement Plan for Teaching Employees

The School District and its employees contribute to the Teachers' Pension Plan, a jointly trustee pension plans. The boards of trustees for this plan represent plan members and employers and are responsible for the management of the pension plan including investment of the assets and administration of benefits.

The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are defined. The Teachers' Pension Plan has about 47,000 active members from school districts, and approximately 21,000 retired members from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent valuation of the Teachers' Plan as at December 31, 2002 indicated a \$382 million unfunded liability for basic pension benefits. The next valuation will be as at December 31, 2005 with results available in 2006. The actuary does not attribute portions of the unfunded liability to individual employers. The School District 43 (Coquitlam) paid \$12,850,809 for employer contributions to these plans in the year ended June 30, 2005.

### Retirement Plan for Non-teaching Employees

**NOTE 10 UNFUNDED ACCRUED EMPLOYEE FUTURE BENEFITS AND VACATION PAY**

Implementation of GAAP on July 1, 2004 required full accrual for employee future benefits and vacation pay. On Statement 1 (Statement of Financial Position), the resulting adjustment to equity was segregated in the Fund Balance section as Unfunded Accrued Employee Future Benefits and Vacation Pay.

The Ministry of Education provided funding to be used to reduce this unfunded liability. Once the unfunded liability is eliminated, this funding can be used at the discretion of the Board.
