How to ride safely

Always wear a properly fitted helmet
It's the best way to protect your head.

Stay alert and avoid distractions such as phones and headphones
Keep your full attention on the road and your surroundings.

Ride one person per scooter
Scooters are designed for one rider.

Use lights and reflective gear
It helps others see you.

Slow down, especially on uneven or wet surfaces
Go slower to stay in control and avoid falls.

Thank you for your cooperation!
