The School District is committed to ensuring that menstrual products are provided to all students who may require them in a manner that is accessible, protects student privacy and is age and developmental-stage appropriate.

Procedures

Principals will ensure that menstrual products will be easily accessible to all students who may require them. Specifically, principals will:

1. Ensure that menstrual products are provided to students of all gender identities or expressions in a manner that protects student privacy.
2. Provide barrier free, easily accessible menstrual products at no cost to students.
3. Provide for consistent availability and supply of menstrual products, including through washroom access.
4. Consider student feedback with respect to the provision of menstrual products.
