

GSS's

Health Sciences Club

Run by Rian & Mandy

Who We Are:

The Health Sciences Club is for students interested in careers in healthcare. Motivated by the critical shortage of healthcare professionals in BC, we are committed to supporting the next generation of caregivers by providing essential information on internships, volunteer opportunities, and educational resources for aspiring healthcare students. The enthusiastic response from our peers at our first meeting was overwhelming, with over 50 students in attendance, all sharing a passion for careers in nursing, dentistry, medicine, and various other health-related fields.
