

Gleneagle Secondary School
Math Contest Club

The Math Contest Club provides a unique opportunity to challenge yourself with math contests from various organizations. By participating, you'll improve your math skills, including creative problem-solving and thinking beyond the basics.

Our club is committed not only to providing opportunities for students to compete in math contests but also to making math more enjoyable and engaging through fun events and games. We also aim to inspire math enthusiasts at our school to push their limits and grow by participating in exciting worldwide competitions.
